ROYAL LABS | PRIVATE LABEL & CONTRACT MANUFACTURING

THE BODY THEY WANT.
THE SOFTNESS THEY LOVE.

ARGAN HYDRATING VOLUME CONDITIONER

Botanical softness and airy-looking body in a premium, lightweight conditioning treatment.

CONDITION WITHOUT THE WEIGH-DOWN.

Bring a more sophisticated finish to everyday hair care. This premium conditioner combines a targeted conditioning system with argan and marula oils, rice protein and organic aloe to help leave hair soft, manageable and naturally full-looking.

NOT JUST ANOTHER CONDITIONER.

Rich care does not have to mean heavy hair. Cetearyl Alcohol, Behentrimonium Methosulfate and Stearalkonium Chloride create a smooth conditioning base, while botanical oils and rice protein elevate the story for brands seeking hydration and volume in one coordinated hair-care collection.

THE FORMULA STORY

LIGHTWEIGHT CONDITIONING BASE	Cetearyl Alcohol, Behentrimonium Methosulfate and Stearalkonium Chloride help smooth, soften and detangle.
ARGAN + MARULA OILS	Premium botanical oils help nourish and condition for a silky, healthy-looking finish.
RICE PROTEIN	A protein-enriched hair-care story that supports the appearance of fuller, more resilient-looking strands.
ORGANIC ALOE + GLYCERIN	Moisture-focused ingredients help leave hair feeling supple and comfortably conditioned.
SUNFLOWER OIL + GUAR CONDITIONER	Sunflower Seed Oil and Guar Hydroxypropyltrimonium Chloride complement softness and manageability.

CLEAN BEAUTY. WITHOUT THE COMPROMISE.

Cruelty-Free | Formulated without SLS/SLES or parabens. Custom fragrance options available.

YOUR BRAND. OUR INNOVATION.

Pair it with our Argan Hydrating Volume Shampoo for a cohesive premium hair-care collection. Ask Royal Labs about private-label programs, fragrance options, packaging, pricing and minimum order quantities.
