RICHER MOISTURE. SILKIER SKIN. A BODY BUTTER WORTH INDULGING IN.

BOTANICAL BODY BUTTER

Ceramide-enriched botanical nourishment. A luxurious body-care essential for your brand.

TURN EVERYDAY MOISTURIZING INTO A MOMENT OF LUXURY.

A rich, comforting body butter that pairs a blend of plant oils and butters with Ceramide NP. Shea and cocoa butters join sunflower, apricot, argan, coconut and rosehip oils to leave dry-feeling skin soft, smooth and beautifully conditioned. Squalane adds an elegant, supple after-feel.

MORE THAN A TRADITIONAL BODY BUTTER.

This elevated formula brings a modern barrier-care story to a classic indulgent texture. Ceramide NP, glycerin and organic aloe complement the botanical emollient blend, giving brands a premium daily body moisturizer with broad fragrance-customization potential.
