BOTANICAL BODY LOTION

Shea-rich moisture. Niacinamide care. A beautifully silky finish.

MAKE DAILY MOISTURIZING A PREMIUM SKINCARE RITUAL.

Give everyday body care a more sophisticated story. This rich yet elegant lotion pairs shea butter, organic aloe and botanical oils with niacinamide for skin that feels soft, smooth and comfortably moisturized. A premium formula designed to turn a daily essential into a brand favorite.

MORE THAN MOISTURE. A FORMULA THAT STANDS APART.

Shea butter leads the ingredient story, supported by organic aloe, sunflower, argan and coconut oils. Niacinamide adds a modern skin-barrier-focused benefit, while organic tapioca starch helps deliver a silky, less greasy after-feel. Available as a fragrance-customizable body care offering for private-label brands.
