EYE & NECK SCULPTING OIL

Targeted botanical nourishment. Vitamin C radiance. A luxury treatment for your brand.

A MORE ELEVATED RITUAL FOR EYES AND NECK.

The delicate eye and neck areas deserve more than an ordinary facial oil. Royal Labs brings together a sophisticated collection of botanical oils, squalane and antioxidant vitamins in a silky, lightweight treatment designed to leave skin feeling soft, conditioned and beautifully supple.

NOT JUST ANOTHER FACE OIL.

This thoughtfully composed, water-free oil pairs rosehip, apricot, jojoba, marula and sunflower oils with Tetrahexyldecyl Ascorbate, a premium oil-soluble form of Vitamin C. Vitamin E, calendula and rosemary round out a distinctive formula for brands seeking an elegant, targeted skincare ritual.
