THE EYES THEY NOTICE.
THE RENEWAL THEY'LL LOVE.

EYELIFT PEPTIDE RENEWAL CREAM

Two targeted peptides. Caffeine-powered care. A prestige-worthy eye treatment.

MEET THE NEXT GENERATION OF EYE-AREA CARE

The delicate eye area deserves more than an ordinary moisturizer. Royal Labs brings together targeted peptides, caffeine and elegant botanical emollients in a sophisticated daily cream designed to leave the eye area looking smoother, refreshed and beautifully cared for.

NOT JUST ANOTHER EYE CREAM.

Copper Tripeptide-1 and Dipeptide-2 join caffeine in an elevated formula focused on the appearance of puffiness, fatigue and uneven texture. Squalane, jojoba and argan oils deliver a soft, conditioned feel, while aloe and glycerin complement the moisturizing experience.

THE FORMULA STORY

COPPER TRIPEPTIDE-1 + DIPEPTIDE-2	A targeted peptide pairing for a sophisticated eye-area smoothing and renewal story.
CAFFEINE	A sought-after eye-care ingredient for a refreshed, less tired-looking appearance.
SQUALANE + BOTANICAL OILS	Squalane, jojoba and argan oils help soften and condition delicate skin.
GLYCERIN + ORGANIC ALOE	Moisture-focused ingredients that support a smooth, comfortable skin feel.
ORGANIC ROSEMARY EXTRACT	A botanical addition that completes the premium conditioning story.

CLEAN BEAUTY. WITHOUT THE COMPROMISE.

Cruelty-Free | Formulated Without: Parabens • SLS/SLES • PEGs • Mineral Oil • Petrolatum • Silicones • Added Colorants
