THE CREAMY CLEANSE THEY'LL LOVE. THE SKINCARE STORY THAT SELLS.

FIRMING PEPTIDE FACIAL CREAM CLEANSER

A rich, comforting cream cleanse with peptide-inspired care and botanical nourishment.

A CLEANSER THAT FEELS LIKE SKINCARE.

Turn an everyday essential into a premium ritual. This cushiony cream cleanser brings together sunflower oil, shea butter and glycerin for a soft, conditioned after-feel, while a carefully selected cleansing agent helps lift away daily buildup. The result is a refined facial-cleansing experience designed for customers who want comfort as well as clean.

NOT JUST ANOTHER FACIAL CLEANSER.

The formula pairs nourishing emollients with Argireline peptide, seaweed and a curated botanical blend. Arnica, olive leaf, horsetail and echinacea extracts complement the skincare-forward positioning, while magnesium ascorbyl phosphate adds a recognizable vitamin C story. A distinctive opportunity for brands looking to elevate the cleansing category.
