THE MASK THAT PAMPERS.
THE PEPTIDES THAT PERFORM.

LIFT & HYDRATE PEPTIDE MASK

A moisture-rich botanical treatment with dual peptides, hyaluronic acid and vitamin C.

A WEEKLY RITUAL WITH A PREMIUM SKINCARE STORY.

Transform a simple masking ritual into a luxurious moment of renewal. This creamy rinse-off treatment pairs Palmitoyl Tripeptide-1 and Tripeptide-29 with hyaluronic acid, vitamin C and an indulgent blend of botanical emollients. Skin feels nourished and hydrated, with a smoother, refreshed-looking finish.

NOT JUST ANOTHER HYDRATING MASK.

The difference is in the combination: two appearance-focused peptides, a hydrating humectant system and a carefully chosen botanical oil-and-butter blend. Designed for a 10–15 minute treatment, 2–3 times weekly, it gives beauty brands a compelling addition to a premium skincare ritual.

THE FORMULA STORY

DUAL PEPTIDE COMPLEX	Palmitoyl Tripeptide-1 and Tripeptide-29 support the appearance of smoother texture, firmness and fine lines.
HYALURONIC ACID + GLYCERIN	Moisture-attracting ingredients help leave skin feeling plump, soft and comfortably hydrated.
VITAMIN C + VITAMIN B12	Magnesium Ascorbyl Phosphate and Cyanocobalamin give the mask a distinctive vitamin-enriched skincare story.
BOTANICAL OILS + SHEA BUTTER	Sunflower, olive, rosehip and apricot oils with shea butter help nourish and condition dry-feeling skin.
ORGANIC ALOE + ROSEMARY	Aloe juice and rosemary leaf extract complement the formula's soothing-feel and botanical care positioning.

CLEAN BEAUTY. WITHOUT THE COMPROMISE.

Cruelty-Free | Formulated without parabens, SLS/SLES, PEGs, mineral oil, petrolatum, silicones or added fragrance.

YOUR BRAND. OUR INNOVATION.

Your next hero treatment mask could already be developed. Ask Royal Labs about private-label programs, packaging options, pricing and minimum order quantities.
