ROYAL LABS | PRIVATE LABEL & CONTRACT MANUFACTURING

A BUBBLE BATH WITH A SKINCARE STORY.
A RITUAL WORTH RETURNING TO.

PROBIOTIC BUBBLE BATH

Ferment-inspired skincare. Rich, velvety bubbles. A luxurious bath ritual.

BRING SKINCARE INNOVATION INTO THE BATH.

Go beyond ordinary bubble bath with a premium formula featuring Lactobacillus Ferment Lysate, hyaluronic acid and nourishing botanical ingredients. This elevated bath experience combines generous foam with a modern, skin-focused ingredient story.

NOT JUST BUBBLES. A POINT OF DIFFERENCE.

Probiotic-inspired positioning meets the indulgence consumers expect from a luxurious soak. A carefully balanced cleansing blend delivers rich foam, while humectants, vitamin C and botanical emollients give brands a compelling story of comfort and care. Offer the experience across a curated range of fragrances.

THE FORMULA STORY

LACTOBACILLUS FERMENT LYSATE	Ferment-derived ingredient provides a modern, microbiome-inspired skincare story.
LUXURIOUS BUBBLE COMPLEX	Complementary surfactants create a rich, velvety, foam-filled bathing experience.
HYALURONIC ACID + GLYCERIN	Moisture-focused ingredients enhance the skin-conditioning story.
ARGAN, SHEA + COCONUT	Organic botanical emollients add a nourishing, premium touch.
VITAMIN C + ORGANIC ALOE	Tetrahexyldecyl Ascorbate and aloe round out the skincare-forward formula.

CLEAN BEAUTY. WITHOUT THE COMPROMISE.

Cruelty-Free | Formulated without parabens, PEGs, mineral oil, petrolatum, silicones or added colorants.

YOUR BRAND. OUR INNOVATION.

Build a distinctive probiotic-inspired bubble bath collection with your choice of fragrance direction. Ask Royal Labs about private-label programs, packaging, pricing and minimum order quantities.
