POLISHED FEET.
AN INSTANTLY REFRESHING RITUAL.

REFRESHING MINT FOOT SCRUB

Sugar-powered exfoliation. Rich botanical butters. A cooling mint finish.

TURN EVERY FOOT-CARE ROUTINE INTO A SPA MOMENT.

Meet a premium, sugar-based foot scrub designed to buff away surface roughness while surrounding skin with nourishing plant oils and butters. A refreshing blend of peppermint, spearmint, eucalyptus and tea tree essential oils makes this an invigorating, sensorial addition to a branded foot-care collection.

EXFOLIATION MEETS INDULGENT CONDITIONING.

This water-free scrub pairs the satisfying texture of sugar crystals with shea and cocoa butters, coconut, sunflower and argan oils. As the sugar polishes, the rich emollient blend helps feet feel smoother, softer and pampered—an easy-to-understand spa experience with strong gifting and repeat-purchase appeal.
