RADIANCE SPF 60 FACE & NECK OIL

High-performance broad-spectrum sun protection. Silky botanical nourishment. A luminous opportunity for your brand.

MEET SUN PROTECTION WITH A RADIANT FINISH

Royal Labs combines SPF 60 sun protection with the sensory elegance of a premium facial oil. Designed for the face and neck, this sophisticated anhydrous formulation pairs a blend of four sunscreen actives with nourishing botanical emollients for a smooth, luminous-looking finish—without the feel of a traditional sunscreen lotion.

NOT JUST ANOTHER SUNSCREEN OIL.

This is sun protection with a prestige skincare story. Lightweight emollients deliver elegant slip, while argan, coconut and olive oils, shea butter and Vitamin E condition the skin. Formulated without oxybenzone or octinoxate, this face-and-neck oil offers a radiant alternative to traditional sunscreen lotions.
