HYDRATING TONING ESSENCE

A botanical-rich toning essence. Refreshing preparation. A soft, hydrated-looking complexion.

MEET THE MODERN TONING RITUAL

The step between cleansing and moisturizing deserves its own skincare story. Royal Labs brings together witch hazel water, rose, passionflower and a thoughtful hydration complex in a refreshing toning essence designed to leave skin feeling revitalized and ready for the next step.

NOT JUST ANOTHER TONER.

Hydrating Toning Essence pairs hyaluronic acid, glycerin and panthenol with organic aloe and an elevated botanical blend. Rose, algae and coffee seed extracts create a distinctive prestige skincare story, while witch hazel water lends a crisp, refreshing feel to the daily toning ritual.
